Minstrel Show with Its Sixty People will Hold the Stage At Capitol March 7-18

Everything is in readiness for the staging of the big minstrel show being sponsored by the Male Voice Choir, in which sixty people will appear at the Capitol Theatre on the evenings of March 17 and 18.

The program is specially arranged as a blue chase and degeneration buster.

From the prodigal to the end the whole show sparkles with fun and is full of wholesome entertainment.

The first half will consist of a "minstrel revue" and the second of five vaudeville acts, which will finish up with a cabaret score, entitled "Polka of 1932."

The Male Voice Choir will be heard at their best in many rollicking songs. Clever and men will lead the audience in a series of dances. There will be clever dancing. In fact there will be no dull moments.

The Russian Imperial Quartette have arrived and certainly look the part and appear to be fully up to the advance notices. Provisions are being made to broadcast their part of the program.

The music will be supplied by a five-piece orchestra under the direction of A. E. Galloway.

A. E. Galloway is the musical director and P. J. Lockyer is production manager.

The stage has been altered to meet the requirements of the show and a new drop curtain has been made for the occasion.

It is understood that the tickets are

Provincial Liberal Party Adopts Platform

EDMONTON, Mar. 11.—The provincial Liberal executive met in the McLeod Hotel here, Tuesday, to consider a platform which was passed at the convention held in October, the following platform was adopted:

1. A complete reorganization of every department of the government in order to increase efficiency and to eliminate the expenditure of waste duplication and unnecessary expenditure.

2. To apply the net revenue derived from the natural resources and all other net capital revenue to the reduction of the public debt.

3. A complete reorganization of the revenues collected by the provincial government as between the province, the municipalities and the school districts, in order that the proceeds of taxation may be fairly distributed.

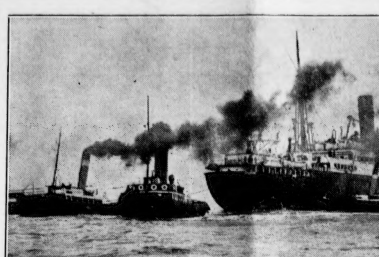

4. A complete revision of all sources of taxation in order that the taxes may be reduced and made to apply more fairly on all of the people.

5. In the administration of the lands of the province to spend less than is collected annually.

6. A complete reorganization of the Alberta Government Telephone system.

Under the proposed legislation which is coming before the legislature, now in session, the minimum salary will be cut to \$200. Another radical change is that if the proposed legislation becomes law there will be no appeal against unjust dismissals. The department will be made absolutely supreme and will be relieved of the requirements to investigate before giving approval to terminating agreements.

As a protest, the following resolution was presented and unanimously passed:

WIND AND STORM SWEEP LINER ON TO SANDBANK

Above we see the trans-Atlantic liner being pulled off a sandbank on Asker Spit, near Liverpool, after all the passengers had been rescued and taken to Liverpool. The Montrose, for more than two days buffeted by wind and storm, was only one hour from her destination when the high wind proved too much for her and she was forced high and dry on the treacherous sandbank. Fortunately no damage was done to the liner and the passengers suffered very little inconvenience.

Three Children in a Glace District Meet Death in Fire Which Destroys Home

LA GLACE, Mar. 15.—Only three children remain of late of three children of Mr. and Mrs. Andrew Bofford of the Glace district as a result of the fire which totally destroyed their home Saturday night, March 11.

The dead children: Charlotte, aged 6; Jack, aged 5; and Kate, aged one year and nine months.

When the fire occurred the parents were visiting Mr. Bofford's parents home, about three hundred yards away. Before leaving they put the three unfortunate children to bed upstairs in their dormitory, and Peter, aged 10, was left in charge. Being tired, he fell asleep and was awakened by the cries of the baby to find the house full of smoke. He looked upstairs and saw the roof on fire near where the pipe entered. Taking the baby in his arms, he ran over to his grandparents.

Accompanied by six other men, the father rushed back to his home and went upstairs and to the cot of his young child, but was unable to find him. The smoke was very thick and the father was forced to retreat down stairs. Again the father tried to reach his children, and heard one of them call "Daddy, Daddy," but the effort was unsuccessful and again the father was forced to retreat down stairs. Attempts were then made to gain entrance by an upstairs window, but by this time the fire had enveloped the entire upstairs and was burning the door and all efforts to rescue the unfortunate children had to be abandoned.

All that remains of the victims of this sad occurrence will be buried in the cemetery at Glace. The Boffords came into the country about eight years ago from Norway.

Mr. Bofford, etc., are being supplied by the Red Cross.

Constable Rivers of the R.C.M.P. is investigating the fire.

RAILWAY STATION AT MCLENNAN IS BURNED

MCLENNAN, Mar. 15.—A fire which started between 3:30 and 4 o'clock Sunday morning, totally destroyed the railway station at McLennan. The fire started on the second floor and made rapid progress, everything being consumed in a few minutes. The station, however, was able to remove in safety his railway car. The cause of the fire is unknown.

Plans of the railway at this time have not been received.

United Church to Collect Clothing On Sunday

Next Sunday the congregation of St. Paul's United Church will take contributions of clothing and shoes to the church in aid of the work of the Central Relief Committee.

A large box will be placed in the vestibule of the church at the front entrance to receive the donations.

There is still a lot of raw weather to come, and footwear as well as clothing will be of great value to the needy.

The plan was tried in another local church this year and met with a hearty response. Most families have something that is only occupying space about the house which can be put to good use in needy cases.

It is a privilege to be able to help someone else along the way. Time, money and effort will be turned over directly to the Central Relief Committee for distribution.

It is hoped that every family in the congregation will find themselves able to pass on some useful apparel.

Delegation, Armed With Facts, Goes to Edmonton To Interview Government

That there is to be no let up in the fight for the creation of the Grande Prairie land office was clearly demonstrated on Monday evening last when the executive of the Grande Prairie Board of Trade met and decided to send a delegation to interview the government in the matter. The following composed the delegation: W. H. Clarke, formerly land agent here; J. V. Mackin, and L. C. Fortin.

Mr. Fortin, who is already in Edmonton on business, has agreed to meet over the weekend.

The feeling of the meeting was that the south of the Peace country was being ignored and robbed of a service to which it is entitled.

Mr. Clarke, who spoke out of his large experience, said that considering there were some two thousand homesteads to be given up and that the moving of the office to Peace River would prove most inconvenient, besides adding additional costs to the homesteaders, and considering that all the homesteads in this area had not been taken by any means, he saw no justification in moving the office. He had no fault to find with the government in attempting to cut the cost of the department, but he failed to see where the saving could be made under the proposed change. This was the opinion of everyone who spoke to the question.

P. J. Tooley and J. E. Thomson, a committee appointed along with the executive of the Grande Prairie Board of Trade, had been endorsed by the Bear Lake Municipality, the Grande Prairie Municipality, and other organizations.

The following is a list of the present members of the delegation: J. E. Thomson, a committee appointed along with the executive of the Grande Prairie Board of Trade, had been endorsed by the Bear Lake Municipality, the Grande Prairie Municipality, and other organizations.

Mr. Powell said that he was absolutely convinced that the municipalities have declared their willingness to share in the cost of sending the delegation.

Canadian Dollar Should be on par With U.S. Dollar

J. B. Ballie, manager of the National Trust Company, advised, who was a business visitor to Grande Prairie over the weekend, that he had been interviewed by the reporter, in answer to a question as to what he thought of the exchange situation, replied that, he saw no reason why the Canadian dollar should be on a par with the American dollar, and under the conditions which exist today in the United States, the Canadian dollar should come to par.

He pointed out that the exchange situation made it quite difficult for firms doing business with the country to the south to do so.

He hoped to see the day when reasonable basis. The present high figure, he observed, are threatening.

It is not possible for fruit houses to carry over their surplus of citrus fruit within the Empire," the reporter said.

Mr. Ballie replied that the various fruit houses in Canada had given out a word of warning that the surplus of the island and has matched him since from Vancouver, the breaker's kitchen maid, whose only reason for going on the yacht had been to see her mother.

In a resolution placed on the order paper of the House of Commons today, Hon. W. A. Gordon, Minister of Labour, announced a series of relief measures for soldier settlers. The idea behind the legislation will be to help settlers who have qualified their intentions of paying their indebtedness.

In the first place, the government proposes for a reduction of interest and amortization payments due October 1, 1932. If a settler paid all or any portion of his indebtedness, it will be applied as a payment on his total debt.

WHERE THE NEW WAR IS FLAMING

Here is a map showing the location of the outbreak of hostilities between Colombia and Peru, which ended a century of peace between the two nations. For many weeks Colombia and Peru have been disputing the small area about the frontier town of Leticia, which was ceded to Colombia by treaty some years ago. The dispute reached a climax with the bombing of a Colombia gunboat by Peruvian planes on the Putumayo River and the capture of the town of Tarapaca by Colombia forces. The disputed area is like a match in a powder magazine, as Brazil and Ecuador are likely to be drawn into the brawl before the business is settled.

THE FUTURE OF BUCKINGHAM PALACE HANGS ON THE BALANCE

The ever changing conditions in the great area of crown property between Buckingham Palace and Trafalgar Square make the future of the King's London residence a problem of growing interest. The Crown authorities have recently granted a permit to a commercial company to build in the Carlton House Terrace block and the new structure will impinge on the view from Buckingham Palace and affect the outlook of the private rooms of the Royal family. The King's dislike for Buckingham Palace is a long established fact and it is stated that it is His Majesty's dream to pull down the palace, rebuild St. James and the Green parks by Constitutional Hill, and Buckingham Gate, and with the money obtained by the sale of the gardens of Buckingham Palace to reconstruct Kensington Palace as the town residence of the British Sovereign. Our picture shows: top, Buckingham Palace, and inset a good photograph of the King-Emperor.

BEAVERLODGE B. OF T. PASSES IMPORTANT RESOLUTIONS

(Continued from Page One)

which was passed unanimously at a meeting of the Beaverlodge Board of Trade, held 13th inst.

Resolved: That with reference to the utilities, such as roads and similar roads, should be submitted for direct monetary relief.

May I be permitted to point out that in the framing of this resolution our Board of Trade was not aware of the financial and other difficulties which would be involved in putting such a resolution into force. Nevertheless, it is the opinion of our Board of Trade that the moral deterioration which follows upon the present method of direct relief, not to speak of the bitterness which men and women feel at being compelled to accept such relief, is reaching to such a pitch that in order to preserve the morale of our people, and perhaps to prevent serious civil disorder, the problem of unemployment should be resolutely tackled in such a way that the above dangers may be avoided.

Your truly,
For Beaverlodge Board of Trade,
Signed, Geo. W. Skinner,
Secretary.
